Special People, Special Places

For those of us who experienced this school year together, it has been very special. We have been fortunate in our academic experiences and in the exceptionally caring environment which nurtured us. We know that we can never say thank you enough to our parents and our teachers, but we truly hope that they know how appreciated they are. Come with us now as we journey through this important year of our lives. Remember with us the friends we made and the friends we lost.

Yes, Virginia! Even **John Yeager** has serious moments occasionally. John did advanced studies in the flamability of compressed gases.

Sports is a great part of our school tradition. **Jason Kincaid** competes vigorously in the varsity basketball game against CAPE.

Fine drama productions are presented regularly by our Drama and Thespian clubs. **Laura Kepley** and **Ben Nemo** intrigued audiences in this scene from Dessert Theatre.

The Cafeteria is a convenient place to meet friends and talk over serious matters. **Debbie Horton** shares a tale of woe with **Krystn Bell** and **Aubrey Abbott**.

Fall, football games, and senior concessions means that school has started. **Pablo Kalberman**, exchange student from Uruguay, sells the goodies.

Serious moments of introspection also occur on the sports field. **Scott Niehaus** has a tremendous will to win and to achieve.

Getting the pins just right in the physics experiment is important to **Christine Hawkins**. She doesn't want to upset **Mr. Elliston**.

A moment of merriment in the classroom brightens an otherwise serious lecture for **Laura Plummer**.

Little Sibs Galore!

"Mom, he hit me!" screams little sister as she clings to mom's skirt. Little siblings are such a problem sometimes. Why do they always get in the way and go screaming to mom? What babies! Of course, if they are not your little brother or sister, they are usually cute. Like **Bruno** and **John Darre's** little sister **Ginny**, who everyone knows and loves. She is always seen watching Bruno as the captain of the basketball team or John, known as Amade to her, as one of the stars in Pow-Wow as she screams her head off out of pride for her two big brothers. And then there is the **Anderson** clan, definitely an original bunch.

They are often seen cruising around town together in their father's Saab and their shades with their exchange student **Christiano Rossi**, wishing that they were cool enough to quit **Chieftain** and join the **Legend** staff.

As for junior **Charlie Gall** and his siblings **Greg** and **Lauren**, they are often found at Kenwood Swim Club during the summer where Charlie works, Greg gets in trouble, and Lauren has fun swimming.

The Cook triumvirate, with sophomore **Jeff**, sixth grader **Ryan**, and fourth grader **Adam**, is always tearing up the soccer field with Jeff defending the goal cage for the JV team this year and Ryan and Adam anxiously hoping to earn their spot when they reach high school.

They may be a pain sometimes, but most students would agree that little brothers and sisters are definitely worth the trouble that they may cause. After all, everyone needs to have someone that looks up to them for help and guidance while they are growing up.

LET IT ALL HANG OUT! Junior **Meghan Condorodis** instructs her brother **Christopher** in the positions of yoga.

ITSA MY TURN! ... Vying for a chance on the rope, exchange student **Christiano Rossi** tries to pull **Hill Anderson, II**, and junior **Joe Anderson** down as senior **James** and his sister **Dargie** look on.

BIG BODYGUARDS ... The ever powerful **John** and **Bruno Darre** protect their little sister, **Ginny** from any big bullies.

BICYCLE BUILT FOR THREE. Keeping in shape during the summer is difficult, but **Charlie Gall** and his little brother **Greg**, 12, and sister **Lauren**, 8, ride bikes to maintain their stamina.

THE BUSKEN BUNCH ... (left to right) **Brian**, 14, **Sarah**, 10, **Shawn**, 8, (back) **Daniel**, 12, **Christian**, 15, and **Stephen**, 3.

Above: **TAKING A BREAK.** After a hard day on the soccer field, **Jeff Ryan**, and **Adam Cook** take a break in their hot tub. Below: **A STUNNING GROUP.** With their good looks, the Gilhooly parents are sure to have problems keeping the boys away from their daughters **Kellie**, **Lisa**, **Leslie Ann**, and **Natalie**.

Morning Life On The Hill

FLASH! Who is that? What are you doing with that camera? The tired high school student rolls over in bed and squints to see a photographer ready to shoot another picture of him at this ungodly hour of the morning.

Not everyone was pleased to be captured on film in the morning, especially freshman **Marc Claybon** who is definitely not a morning person and who proclaimed, "That was a really bitchy move!"

In this assignment, the moms were pleased to do all that they could to help, including having to get up and let the photographer in at the crack of dawn, and most students were disgusted to find that their mothers were in on this conspiracy.

Unlike her brother **Marc**, **Allison Claybon** is very pleasant in the morning and after giving her mother a questioning stare, she bounced right out of bed to find out if we needed any more pictures before she took off in her little yellow Subaru to go to school.

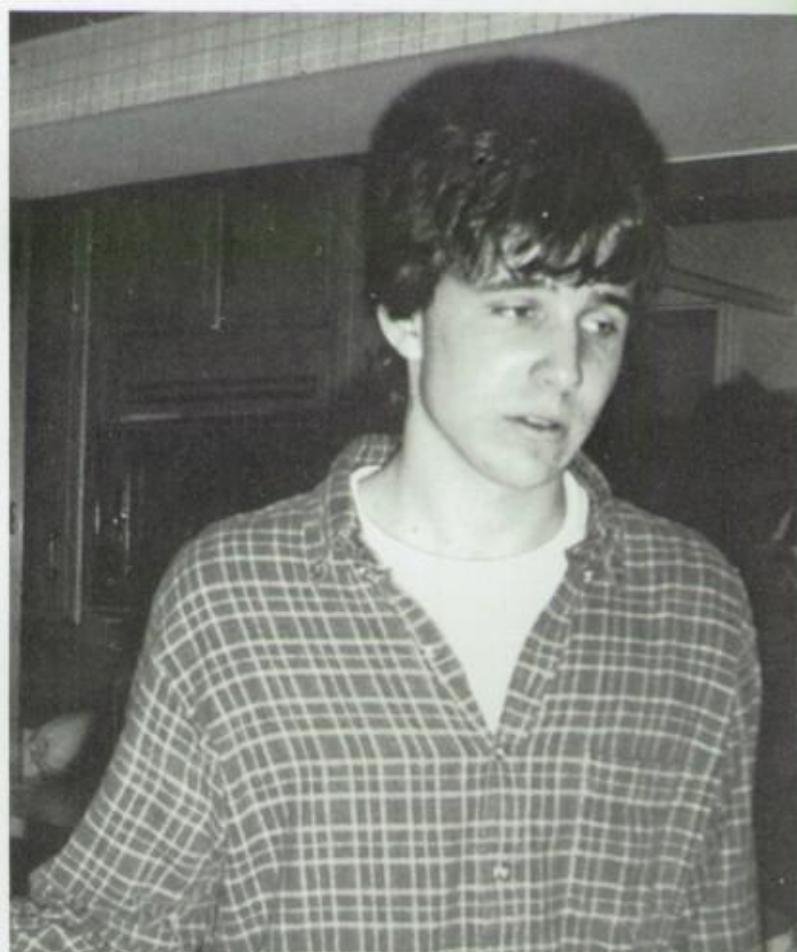

Visiting the **Wessinger** household was probably the most interesting experience of all. **Mr. Robert Wessinger**, a well loved math teacher at school, was thrilled with the idea of letting us in to take a picture of his two sons **Mark**, a freshman, and **Brian**, a junior. Every morning they get up together and Mr. Wessinger makes breakfast and gives them math problems to contemplate before they begin the day at school.

Chris Bach, on the other hand, greeted us with a hearty "What the Heck?!" as his parents chuckled softly in the background. "You're going to pay for this, you know," he told them, and they broke out laughing as all of the other parents did.

"GET OUTTA MY FACE!" shouts **Marc Claybon** as he tries to get back to sleep. This startling view of Marc's undies somehow managed to get by the censors.

"EENIE MEENIE MINY MOE!" Chris Bach chooses his breakfast blindly from the refrigerator.

HEY, MAN, LEMME GO BACK TO BED! Doing his spaced-out look, **Jim Thornton** searches for the quickest route to a safe bed without a photographer.

FIGHTING THE CAVITY CREEPS is an important part of the morning routine for senior **Stacey Buchholz** who seems to enjoy being awakened by strangers.

DECISIONS, DECISIONS. choosing a multi-colored (but matching) outfit from her over nine thousand articles of clothing should not be too difficult for **Allison Claybon**, even in the morning.

IT'S FRUIT AND ... OH, I FORGOT. Mark Wessinger and his father "Wally" quiz **Brian** on the mystery cereal for the day. Some people just can't remember the great taste of Fruit and Fibre!

Free Rein Rocks The Cafeteria

For the first time in over a decade, the Braves won the homecoming football game, beating neighboring Mariemont by a close score of 17-13. This, combined with the exciting "Fairy Tales" theme, helped to make this year's festivities as exciting as ever.

The seniors, claiming "no parental help", produced a rather weak float and no one ever really knew what the theme was. The freshman float, entitled "Humpty Dumpty", was a valiant effort for a first attempt, but was still very typical for a freshman float. In contrast, the sophomores and the juniors worked very hard in order to tie for first place with a "Jack and the Beanstalk" and a "Hansel and Gretel" float, respectively, to give the class of 1988 their second consecutive win.

The fall homecoming royalty was headed by football quarterback **Jim Berling** and the stunning **Kathy Ott** as the King and Queen. The rest of the court featured juniors **Mike Marek** and **Amy Burroughs**, sophomores **Doug Mohr** and **Lisa Tomsick**, and freshmen **Eddie Harmon** and **Sarah Byas**.

At the homecoming dance, the band **Free Rein**, one of the most requested bands in the city, proved to be a tremendous hit that set the stage for a great night of dancing.

Winter Homecoming was an equally successful endeavor by the seniors. **Mrs. White**, the senior class advisor, was the main organizer and senior **Dave Foy's** band, "Happy Kamper" was hired to provide the smashing entertainment. The royal court was led by King **Bruno Darre** and Queen **Molly Higgins** with juniors **Scott Stertmeyer** and **Leah Weaver**, sophomores **Sloan Harl** and **Darby Lindner**, and freshmen **David Isgrig** and **Laura Davis**. The Braves beat Wyoming to make it two homecoming victories in one year, a monumental achievement.

A STORYBOOK COUPLE ... Sophomore Fall Homecoming attendants **Lisa Tomsick** and **Doug Mohr** joke as they share a slow dance.

WHAT A GENTLEMAN ... **James Johnson** escorts **Kathy Backus** to their places in the Fall Homecoming Court.

JIM THORNTON LEAVES 'EM ROLLING ... Telling one of his infamous jokes, junior **Jim Thornton** has the crowd on the floor at Fall Homecoming.

DR. SHADES ... Senior **Eddie Watts** scans the crowd for a dance partner.

(left to right) **Ramin Kazemi**, **Kelly Dewey**, **Chris Vockell**, **Molly Poffenberger**, **Jim Thornton**, **Eddie Harmon**, **Mike Marek**, and **Kristen Kamfjord**.

A ONE AND A TWO ... Senior **Heather Holberton** shows classmate **Bruno Darre** all the right moves.

THE WINNERS ARE! **Kathy Ott** and **Jim Berling**, 1986 Fall Homecoming royalty.

SURPRISE! **Mike Wilson** sneaks a slow dance with freshman **Susan Smith**.

THE ROYAL COUPLE ... Seniors **Bruno Darre** and **Molly Higgins** lead the traditional slow dance.

Vacation: Coast To Coast

April 11, 1987. The magical Saturday that Spring Break started and the entire school broke loose from a routine that had become increasingly monotonous.

Everyone left our community of Indian Hill as fast as the airplanes, trains, buses and cars would go and the partying had begun.

Such places as Ft. Myer's Beach, Siesta Key, Sanibel Island, Ft. Lauderdale, Vail, Denver, Long Boat Key, and New York City were blessed with the presence of many high school students having the time of their lives. One of the big party spots of the school this year was Mazatlan, Mexico with seniors **Matt Steward, Bruno Darre, Rob Reese, Bruce Johnson, Trey Isgrig, Mark Warner, and Mark Wishard.**

They supported their reputation of being some of the biggest party animals at school and really showed the Mexicans how American high school kids have fun. They partied all day and all night and may have gotten some sleep while catching the rays. They did have a few problems with the natives, though, like when **Matt Steward**, with his limited Spanish speaking ability, decided to ride his jet ski into the area that was reserved for feeding the sharks.

Teachers **Sherwin Little** and **Donna Dufourcq** were brave and took a group of Latin and French students to see the sights in Switzerland and have a little bit of fun on the side. They visited many different cities and really caught a glimpse of what European life is like.

Unfortunately, it all ended on April 20th when everyone returned with jet-lag and sunburn to survive through more than another dreary month of homework, teachers, classes, and the rainy days of Cincinnati in the springtime.

BATHING BEAUTIES front: **Stephanie Smith, Michelle Bokon, and Lisa Dustrude**, back: **Sara Wilson, Lynn Stefko-vich, Kristin Mabry, Molly Higgings, Kathy Ott, Michelle Harmon, and Heather Holberton.**

LISTEN TO THAT GOOD OL' ROCK 'N' ROLL. Sophomores **Andy Schwartz** and **Steve Esmali** delight the crowd with the tune "Foreplay" by Boston.

IN ANOTHER WORLD . . . **Chris Vockell** enjoys a beautiful May afternoon, rock and roll music, and crowds of spectators which make for a perfect Musicfest.

Fest '87 Sun, Fun, And Rock.

Everyone was rocking at this year's musicfest on May 1st. We were excused from class at 12:10 to go outside, eat lunch, and have a good time listening to all the music that the groups had put together. The day was beautiful and sunny and the circle was filled with people tossing footballs and frisbees, catching the rays, and listening to some good rock and roll. This year's organization committee was headed by senior student government representative **David Lahti**. Although they started out with some sound problems at the beginning of the afternoon it was a huge success. One of the most popular bands of the year was led by sophomores **Doug Mohr** and **Paul Ellis**.

For the first time that afternoon, a band was able to grab the attention of the entire crowd as Doug sang and was backed up by Paul on drums and junior **John Stubbers** on bass.

Another highlight was hearing the musically talented **Rob Seal** singing the old Police tune "Message in a Bottle" with junior **Benji Cook** backing him up on the guitar.

Senior **Chris Kropp** was another favorite this year with his band "Inertia". Chris sang the Eric Clapton classic "Cocaine" and, unlike last year, he sang "Is She Really Going Out With Him?" without forgetting the words!

Other exceptional performances were put in by sophomore **Drew Mitchell**, who drummed for the first two acts of the afternoon, and junior **Doug Adkins** on the drums.

JAMMIN' ON THE DRUMS. A multi-talented musician, senior **Bill Creedon** shared both his singing and his instrumental abilities with the crowd at musicfest.

CAUGHT IN THE ACT ... Jay "Saturday night fever" Fitton shows his prom date, **Jennifer Lippold**, how its done.

WHADD'YA WANT? Junior class advisor Mr. James Benken and his wife enjoy a slow dance at prom.

GRINS FROM EAR TO EAR ... Tim Warden and Tracy Barton savor the fun they are having together at prom.

Times To Remember

"Rock Around the Clock" was the theme for this year's prom and the theme was accurate to describe the event. The juniors again decided to carry out the dinner-dance idea, offering a choice of chicken or beef for the meal, and everyone seemed to have a pleasurable evening at the Clarion hotel in the Grand Ballroom. The music was provided by one of the best 60's-70's bands in the city, "Four on the Floor".

Although some of the students were a little apprehensive at first about "dancability" of this music, their fears were soon wiped away as the band proved to be very popular and the dance floor was full throughout the night. This year, the prom committee, headed by junior class officers **Michael Marek, Tom Kindle, Chris Vockell, Amy Burroughs, and Molly Poffenberger**, decided to add a new twist to the evening. The junior class offered a cruise on the river as an after prom activity that included dancing, strolling in the moonlight, and gambling on the dozens of Monte Carlo games with \$50,000 in monopoly money that was given to each student when he or she boarded the boat to spend throughout the night.

As a reward for the fantastic gamblers, a raffle was held and many expensive prizes were given away that had been organized and donated by a parent committee. The cruise ended at 4:00 and everyone went their own separate ways to enjoy private breakfasts and a good day's sleep.

SOME GUYS HAVE ALL THE LUCK. Attracted by King **Matt Haskey's** aura of sex appeal, Prom Queen **Helen Hwang** can hardly keep her hands off.

WELL, IF YOU PAY FOR ONE, YOU GET TWO. Making pizzas at little Caesars in Loveland, **Scott Niehaus** explains the commercial to a customer.

HAVE YOU SEEN THIS ONE YET? Senior **Monica Rutland** suggests a movie to a customer at Video Sound Stage in Kenwood.

Raking In The Dough

"May I help you find something? All of our cassettes are only \$4.99 today!" Words often spoken by senior **Monica Rutland** as she helps the customers at Video Sound Stage in Kenwood. Monica worked there throughout the school year with juniors **Jennifer Lippold** and **Jay Fitton** and was always eager and willing to help her friends find their favorite movie or album even faster than senior Dave Foy across the street at The Record Center. Hungry? Well, juniors **Scott Niehaus**, **Kip Guinan**, and **Tammie Rhodes** can solve your problem with a pizza with anything on it, even anchovies, ugh.

They all spend their working hours rolling dough at Little Caesars Pizza in Loveland.

Pizza is not your style? Well, "It's better on a bagel" as they say at Skolniks in Kenwood. Seniors **Jenny Kovach** and **Dave Miller** could be found behind the register with their cute little "better on a bagel" visor ready to serve you up any kind of bagel you could think of from different flavored bagels and toppings to the ever-popular pizza bagel.

If food is not your style, you can always go see juniors **Rashel Stephenson** and **Leah Weaver** in the junior department at Lazarus. For whatever you need, they can help you with the latest fashion trends for your lifestyle to help everyone at school look their best.

Do those jobs sound wimpy? Well, how about sealing driveways for the summer with the "Driveway Doctors". **Mike Marek**, **Steve Wachs**, and **David Lahti** spent their summers slaving away redoing driveways throughout the area in David's infamous truck.

DO YOU WANT CREAM CHEESE ON YOUR BAGEL? Senior **Jenny Kovach** treats customers with care at Skolniks Bagel Bakery.

DON'T CUT YOURSELF! Cleaning the meat slicer at Madeira Kroger's, Assistant Butcher **Paul Alvord** avoids the sharp edges carefully.

The junior high school Choir and the high school Ensemble joined with the Premiers in an unparalleled vocal extravaganza in the Fall Concert. The extensive repertoire included songs from favorite well-known musical productions **Ain't Misbehavin'**, **A Chorus Line**, and **The Mystery of Edwin Drood**. It was indeed a masterful and professional presentation. The special musical arrangements thrilled the audience and left them wanting to hear more.

The Premiers are a very well known performing group around the city of

Cincinnati and Ohio. Locally they have performed for various groups and at several events including Camargo Country Club, Stepping Stones Center, and the Peterloon Estate.

To be a member of the Premiers is not simply a matter of voice quality. Members of the group must be taught choreography, stage presence, and the ability to follow stage direction. Practice sessions and rehearsals always include instruction in movement and expression as well as musical presentations.

The Premiers were one of only five

show choirs in the state to sing with the Scarlet and Gray Singers, the well-known vocal group from Ohio State University.

The group is directed by Mr. Henley with the assistance this year of student teacher Ken Foley. Assisting Mr. Henly in choreography this year were Joan Walton, Andy Hanes, and Stevie Rivers. Accompanists for the Premiers were Pam Henley on the piano, Bill Creedon on drums, and John Stubbers on bass guitar.

A RIVALRY

Once again the Drama Club astounded audiences with its unique brand of satire, suspense, and storytelling. The year began with the children's play, **Winnie-the-Pooh**, starring Juniors Tom Brucher (Winnie), Stacy Scoble (the Reader), Joe Anderson (Christopher Robin), and Senior Katherine White (Piglet). Then the Drama Club turned its attention to Dessert Theater, a huge success. For the annual Spring Play the club chose **The Rivals**, an 18th century comedy. The play centers around the antics of 18th century society with arranged marriages and secret loves. The play starred seniors James Anderson (Sir Anthony Absolute), Susan Robinson (Lucy), and Rob Seal (Sir Lucius O'Trigger); Juniors Joe Anderson (Faulkland), Benjy Cook (Bob Acres), Jamie Winget (David), and Stacy Scoble (Mrs. Malaprop); Sophomores Laura Kepley (Lydia Languish), Doug Mohr (Captain Jack Absolute), and Heather Robinson (Julia); Freshmen Mike Augspurger (Fog), and Ayal Miodovnik (Tomas). The large cast reflects the amount of new members that the Drama Club has had this year.

Our band then had the great honor of being able to perform in a concert with the CCM Wind Ensemble. This proved

to be a new and exciting experience for the whole Band.

Never slowing to catch their breath, the band brought back superior ratings from the Southwest Ohio District Contest, and then finished the season with a great spring concert.

MYSTERY TIME

This year's Dessert Theater revolved around the theme of mystery. Four one-act plays were presented to an audience that watched from chairs placed at the front of the stage. The "Evening of Mystery" began with an Orson Welles radio drama, "Hitchhiker". This play was a showcase of sound effects. It starred Juniors Benjy Cook (Ron Adams), and Jamie Winget (the Hitchhiker), Sophomores Libby Kleinman (Mrs. Adams), Drew Mitchell (Proprietor and Assistant sound effects engineer), and Andy Schwartz (Filling Attendant and sound effects engineer). The second play performed was "Stranger with Roses", a play that takes place in the future. It starred Tom Brucher (Deem), Jammie Winget (Stockhausen), Laura Kempley (Sari), and Ben Nemo (David). The third play, "Missing Persons" dealt with a psychotic woman facinated by shiny objects. This play starred Stacy Scoble (Garnet), Susan Robinson (Jane), and Ann Kneipp (Inez). Finally the Award winning play "Episode on an Autumn Evening", the story of a murder mystery writer that kills and then writes best-selling novels about the killing. It starred Rob Warfel (Author) and Kathrine White (Visitor).

This year's Pow Wow **Gypsy** provided a break from past productions by casting eighteen middle schoolers to play the main characters in their childhood years. The play centers around the troubles of Rose Havoc (played by senior Josie Evans), her daughters June (played by senior Katherine White and by sixth grader Katie Schenck) and Louise (played by senior Allison Morris and by sixth grade Julie Neumark), and their manager Herbie (played by Junior Rob Warfel). Rose is the perfect stage mother, pushy and abrasive, always feeling that life passed her by, and constantly living her dreams through her children. While preparing for a performance, Rose and Herbie met and fell in love. Herbie then booked acts for baby June, until she runs off. Rose then pushes Louise into acting. Eventually they get a booking at a burlesque theatre. Louise befriends three strippers (seniors Susan Robinson and Krystn Bell, and Junior Maria Stergiopoulos) who teach her the tricks of the trade. In the end Louise becomes Gypsy Rose Lee, a famous stripper known for being very classy.

Gypsy was produced and directed by Henry H. Henley. The assistant director was Kevin Jobe, Joan Walton choreographed the dances, and Lucy Milligan was in charge of costumes. All of the sets were built by Mr. Emery, the stage craft class and the cast. The music was directed by Mr. Green.

Appearances are so important, and Rags 2 Riches caters to the tastes of the coolest senior shoppers. What better way to spend a dreary winter afternoon or a rare free Saturday than to try on the newest fashions and designer creations at one of our favorite boutiques. Making The Dough

In addition to a busy academic load, many seniors take on the extra burden of employment. With college, concerts, food, and fun, expenses become too much for Mom and Dad to handle alone. Interestingly enough, work doesn't turn out to be all bad after meeting new friends and earning money. But of course there is always the occasional sick day when we just can't deal with that boring 9 to 5 routine.

Our Own Time . . .

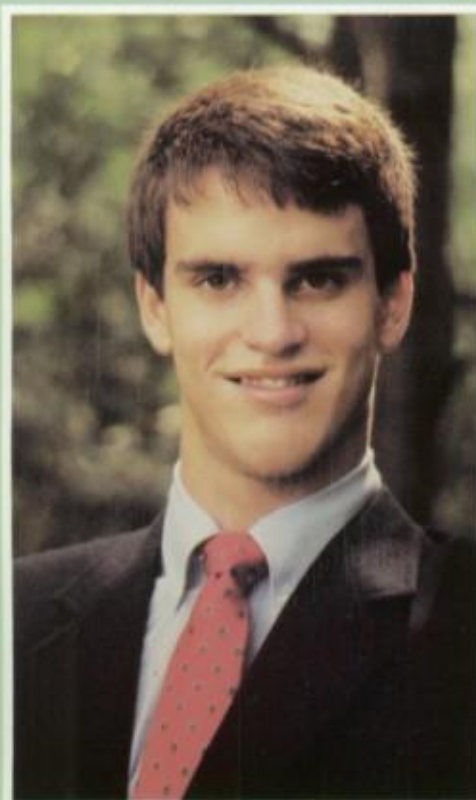

Seniors spend the day completing assignments, taking tests, and catering to the demands of their academic instructors. However, out of school, seniors are free to enjoy their own interests. Whether it be the violin or backyard basketball, seniors find diverse ways to spend their free hours. Many of the hobbies will last a lifetime while others just pass the time away, but all are uniquely fun.

Searching For The A

Quarterly government papers ruin entire weekends, and even whole weeks. There is no feeling like having a paper due in a couple of hours and having to research, type, or even write six more pages. Not to mention the seniors' inevitable battle against the affliction known as "senioritis." The victims of this disease always procrastinate until the last possible moment to complete their papers.

Right On The Mark!

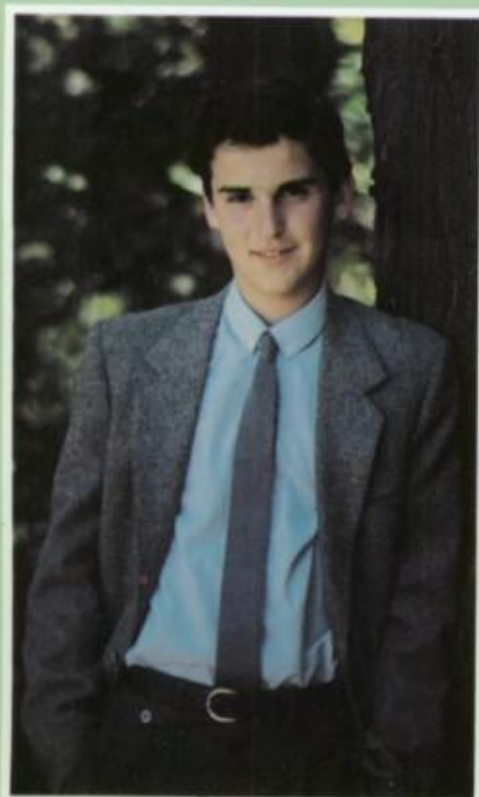

One of the benefits of winter is the snow and school cancellations it brings. The winter of '86-'87 was uncommonly mild and very little snow came our way. However, seniors enjoyed skiing, sledding, and even an occasional snowball fight. The snow soon melts, and the students are left in eager anticipation of the spring and warm weather. Seniors know when the weather warms that graduation is just around the corner.

Friday Breakfast

With seven periods of intense study, students need to start the day off right. For some seniors, this means getting a group of friends together and going out for an early breakfast. This is a great way to spark that needed energy for the long day ahead. Other students rely on the "goodies" sold prior to first period. And we must not forget those students who eliminate their breakfast by hitting the "snooze" one time too many.

With the arrival of spring, senior motivation disappears along with the last few patches of snow. By the end of third quarter, what little work done by the seniors is done outside under the relaxing rays of the sun. When the band needs a new instrument, the **Legend** a new computer, an athletic team new uniforms or equipment, we are indeed fortunate to be able to call on an extraordinary community group. The official name of the organization is the **Indian Hill Schools Booster's Association** although we familiarly refer to the group as the "Booster's Club". They are very active and very involved in all facets of our academic and extracurricular program. Not only do they raise funds for athletics, publications, and dramatic and musical performances, they are a never-ending source of ideas, enthusiasm, and encouragement to the students and teachers. The Fall bon fire and the chili supper are two of the familiar events sponsored by the Booster's Club each year. They also sponsor adult gatherings and fund raising activities throughout the year. **BOOSTER'S EXECUTIVE BOARD:** **Front row:** Mrs. Susan McFarland, Mrs. Marj Rabenold, Mrs. Susan Vockell, Mrs. Jane Bennett, Mrs. Bea Darre, and Mrs. Dolores Sheringer. **Second row:** Mr. Louis Finkelmeier, Mr. Terry Theye, Mr. Philip Myers, Mr. Douglas Anderson, and Mr. Thomas Dewey.

The policies of the school district are formulated by the board of education and implemented by the superintendent. The "implementer" is Doctor Robert E. Boston. She and her husband Alex live in Kenwood and have three sons, Richard, Robert, and Donald, all of whom attended Indian Hill schools. During her tenure on the board, Mrs. Pappas has served as president three times. New president, Dr. Bell is also serving his fourth consecutive term as board member which ends in 1987. He and his wife, Jean, are Indian Hill residents and their three children, David, Charles, and Jennifer attended Indian Hill schools. Dr. Bell has also served previously as board president.

The Board of Education is the controlling body of the entire school system. The board develops policies concerning every phase of the educational life of all students and teachers. These policies are then implemented by the superintendent and his staff of administrators. Competency testing, accountability, and excellence in education have been the cornerstones of the school board's program.

“Boss” Began 38 Years Ago

Mr. William Kincaid began his teaching career in 1948, in Ludlow, Kentucky. Two years later, in 1950, he crossed the river to accept a teaching position in a brand new school system called Indian Hill. Mr. Kincaid became the adviser to our school newspaper, the **Chieftain**, in 1960. That was the year that the Boosters Club purchased the printing press which is still in use today. Later the PTA bought them a camera, the school board bought them a computerized composer and the **Chieftain** was on its way to becoming the publication of which we are so proud.

Under the leadership and guidance of Mr. Kincaid, the newspaper has always received top awards from school journalism rating services, the most recent being a medalist award which is the highest possible rating.

“Boss” is looking forward to travel and relaxation in his retirement. He would also like to volunteer his time to the school to organize an alumni office.

Looking back over some of his favorite **Chieftain** issues, **Mr. Kincaid** shares his memories with **Kate Hug**, **Jamie Winget**, and **Shalini Nangia**.

Even You Can Be A Chef

The Home Economics Department was different this year with both teachers new to the school and some new courses. **Linda Shook** and **Marena Carmello** are the new teachers, with **Mrs. Shook** taking most of the high school classes. There are many different courses to choose from in the department such as Child Development, Gourmet Cooking, Independent Living, Trends, and the most popular, Contemporary Living.

Cooking isn't just for girls any more, and a pretty good balance of guys and gals were in each Gourmet Cooking class. In the fall, the Gourmet class made thanksgiving dinner and a formal dinner for the faculty, both of which were a big success.

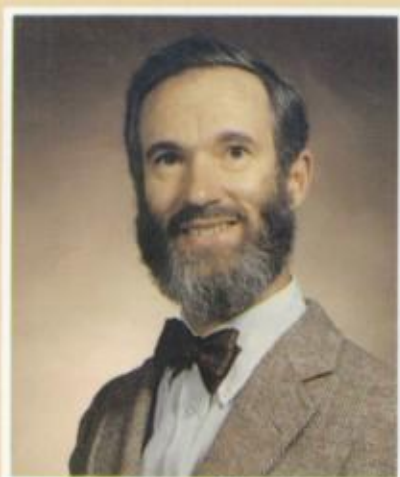

The major project of the year was a preschool organized by the Contemporary Living class. Students brought in children who were not of school age and during the process of caring for them learned about child development. The project ended with a trip to the zoo where preschoolers and highschoolers had lots of fun.

No matter what the recipe says, **Rich Stephenson's** eggs always come out scrambled.

Follow Your Nose To Labs

Science, listed between Sciatic nerve and Scilicet in the American Heritage Dictionary, is defined as "the observation, identification, description, experimental investigation, and theoretical explanation of natural phenomena". The majority of our students are enrolled in one science class and many are taking two. Obviously, we like to observe, identify, describe, experiment, and theorize about our world.

Our science department offers the three major sciences of biology, chemistry, and physics. In biology, student scientists conduct experiments with chickens and sharks. The chickens are injected while the sharks are dissected.

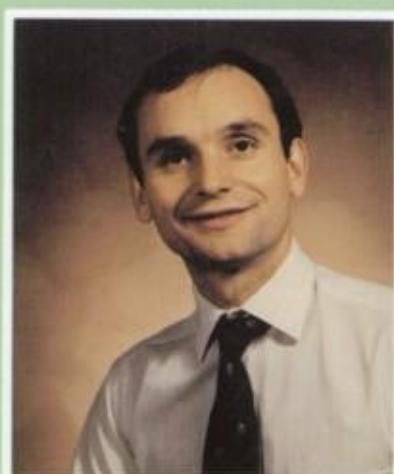

On any given day, mad science students in Chemistry and Physics labs are producing foul odors, smoke, and various obnoxious sounds. Chemistry students are looking forward to the second semester when they move into the brand new modern chemistry labs.

Trying to ignore the odor of "tuna city", **Mitch Freeman** takes mental notes on the finer points of shark dissection from **Mr. Fricke**. Dissection techniques are taught in Biology.

This Life Is Killin' Me

6:30 a.m., the time we should get up and ready for school; but tapping on the old snooze bar time after time, makes me at least twenty minutes late. This is only part of my stressful morning. But I think I can handle it.

Arriving at the doors of school to the sound of department store chimes, I notice people looking at me. Why are they staring? Could it be that my shirt is on backwards, my coat is buttoned crookedly, my shoes are different colors, or my fly is open. My first four classes go by quickly with 37 pages of notes to prove I was there.

Lunch in the cafeteria is a gourmet experience that we indulge in only occasionally. Usually I eat the lunch my mom has packed for me consisting of: peanut butter and jelly sandwich, stale twinkie, and a black banana. This meal carries me through the afternoon to my job bussing tables at Perkins. I thought growing up was going to be fun. This life is killin' me!

West Joins Paper Crew

An era has ended for the school newspaper. Mr. William Kincaid retired at the end of the school year and Mr. Robert West has been appointed to the post of Chieftain adviser.

Under the guidance of Mr. Kincaid, the Chieftain was one of the premier high school papers in the country as evidenced by the many journalistic awards garnered by the staff. The paper also won the highest possible award from the Columbia Scholastic Press Association recently when it was named a Medalist publication.

The differences in the personalities of the two advisers will make itself felt. Changes will come gradually but certainly. The dynamic personality of Mr. West and his experiences in literature and writing will bring a breath of fresh air to an organization that some say is resting on the laurels of the past. Best wishes!

Pom-Pons Win

So you think it's an easy life to be a member of the high-stepping Pom Pon squad. Wrongo dude! You must attend at least one camp during the summer and more often than not there are two other competitions that you must attend. This means that you have to practice every day until you get every move down just right. And this is only during the summer vacation time.

When school starts the real work begins. The Pom Pon squad does a new routine for each home football game. This of course means extra hours of grueling practice as well as hours of off the field planning.

At the summer camp, our Pom Pon girls are perennial champions. This means that they go on the Mid-west competition. In recent years, our group has been the only squad in the tri-state area to qualify for the Mid-west contest.

The person responsible for the original dance routines and marching techniques has been Mrs. Gail Nichols, Pom Pon adviser. Mrs. Nichols has spent many hours with the group over the past years. The precision, discipline, and dedication required for this award winning group is a mark of Mrs. Nichols commitment.

SG Sponsors Activities

The busiest people around school are the very active members of Student Government. They sponsor a staggering number of student oriented activities each year.

One of the most rewarding events of the year was the retreat held in the fall. Students were involved in a leadership workshop conducted by John Namey, a nationally known student activities specialist.

SG gets started in August, before school opens with the Big Brother/Big Sister Picnic. This event teams upperclassmen with incoming freshmen for an orientation and get acquainted session. When school begins, the number of activities multiplies rapidly with dances, concessions, homecomings, prom, the blood drive, and the food drive for the free store.

Latin Club Wins Fourth

The Latin Club headed by Mr. Sherwin Little, accomplished many things this year on their way to a fourth place finish in state competition. More than thirty schools participated in this event and the clubs were judged in two categories, academics and art.

Co-consuls Maggie Kerr and Sarah Hunt organized several fund raising events during the year including bake sales, the annual bowling trip, and a very successful clothing sale.

Seven members of the club will be competing in the national latin club competition at Stetson University in Deland Florida. Top clubs from all over the country will be competing for national recognition at the August meet.

Leaders of next year's club are for the first time, a triumvirate made up of Maggie Kerr, Sarah Hunt, and Matt Alvord.

Morgan Joins Key Club

With the departure of Miss Cynthia Hayes at the end of the 1986 school year, the Key Club ended up with no sponsor. President Elissa Geier, however, did not let the Club diminish. At Christmas time, the members traveled down to the Free Store to help pack food for Cincinnati's needy. They also made many excursions to the Scarlet Oaks rest home to play cards with the elderly. Although the projects seem few in variety, the ones accomplished were a great help. Also, next year will bring about one more change. Mrs. Jean Morgan will add her outstanding talents as 1987 Key Club sponsor.

Frosh Float Wins Second Place Award

Our first high school project was our float for the Fall Homecoming contest. This was our big chance to impress the upperclassmen with our ability to work together and come up with a winner!

Working with our adviser, **Mrs. Shook**, and our parents, we decided to construct "Humpty-Dumpty". **Mary Ann Alf** invited us to use her barn for the construction site. Our weeks of work paid off when the judges decision gave us second place in the competition.

We were the only class to use real flowers in our float construction and even though our parents helped us with the design and materials, we did most of the work. Second place made us happy but we're shootin' for first next year!

Toni Loon, Kate Gluckman, and Rick Lindner wave to the roaring crowds as they pass by in the Fall Homecoming parade. The float, a likeness of Humpty-Dumpty, won the second place award in the competition.

"HYPER" is the term most people use to describe **Jermaine Blathers** active personality.

Pauline Sydlow can still smile after suffering through freshman English.

The fall homecoming attendants for the Class of 1990 are **Eddie Harmon** and **Sarah Byas**.

First Year Is Toughest To Survive

One of the toughest years of your life must be your first year in senior high school. It is the year that you have looked forward to forever and it is the year you have dreaded since you became old enough to know the definition of "peer pressure".

We spent our entire first year of high school trying to act like we didn't care whether or not we were accepted when in fact, we were obsessed with the "in crowd". Our role models were seniors ... valedictorian or villain ... it didn't really matter.

With springtime and the closing weeks of the term, our perspective became more focused and we realized that we had survived the unsurvivable. We really were going to make it through the entire year without some lofty upper-classman discovering that we were not as cool as our painfully projected image. So far, so good; but there's always next year!

89'ers Are Achievers In Every Area!

In just one short year, the class of 1989 has made quite a reputation in the fields of academics and activities. Achievements in all phases of the stringent academic program marked the passage of our sophomore year. The competition among the tenth grade students is keen and involves practically every student in the class.

The amount of work and time that we expend on our academic work is a matter of pride and fulfillment.

No other group in our school is so involved in our extracurricular activities program. Sophomores are well represented in the leadership of almost every organization, sports team, and publication. We are fortunate to belong to a class in which everyone is striving to be a star. We are active, we are contributors, and we shall continue to be.

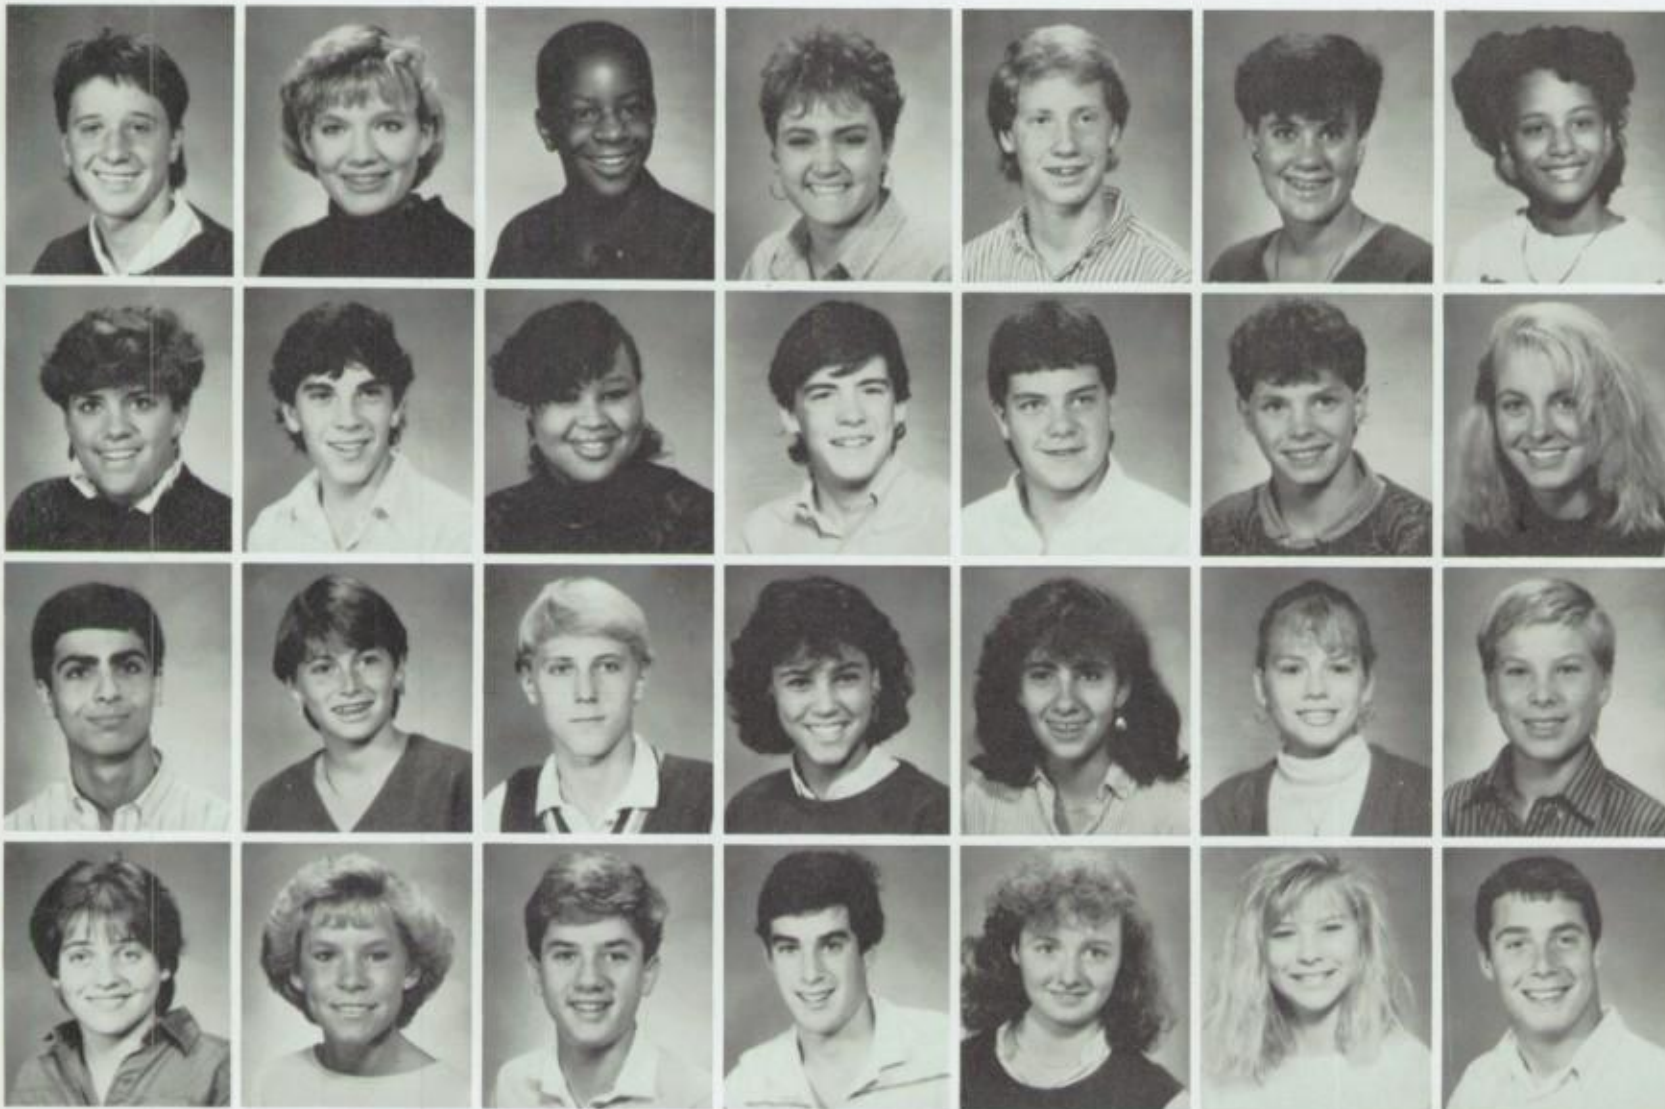

Fun, sun, and rock n' roll bring smiles to **Sarah Wilkinson, Laura Kepley, and Cathy Kempczinski.**

Waiting for the music to start, **Diane Macke and Laura Steward** soak up the sun.

Creative Sophomores Take First!

It's really nice not to be considered a greenhorn freshman anymore. As veteran sophomores, we had the experience and the know-how to achieve a very successful year.

Our first project was our "Jack and the Beanstalk" float for the Fall Homecoming competition. We were fortunate to be able to construct this awesome work of art at the home of **Heidi Lance** on Willow Hills Lane. The judges were dumbstruck at the talent and creativity revealed by our masterful execution of the old favorite fairy tale and awarded us first place in a tie with the juniors.

We had several fund-raising events during the year to make money to pay for our float and other expenses. While our bake sales and car washes were successful, our raffle on picking the day that **Mrs. Clifton's** baby would be born was outstanding, although many of us thought it took longer than nine months.

Clarion Is Prom Scene

One of the major activities of the school year was Fall Homecoming which was sponsored by the rowdy class of '88. They chose the theme of "Fairy Tales" for the dance and the floats.

The juniors built their float at the home of junior **Kristin Kamfjord**. This is the sixth consecutive year that the Kamfjords have hosted the building of a float at their home on Keller Road.

The class decided to build a gingerbread house for their float entry. Their motto was "Sweet Taste of Victory." The float tied for first place in the contest.

One of the most successful fund raising activities of the year was selling concessions at all home basketball games. The class gained most of their money in this way.

"Rock around the Clock" was the theme chosen for Prom which was held on May 16th, at the Clarion Hotel in downtown Cincinnati. After the Prom, students went for a boat ride down the river.

'88 Leads The Way To The Future

The members of the Class of 1988 have cornered the market in school spirit and enthusiasm in the extracurricular activities area. With a little help from their friends, they managed to tackle the problems of the year and solve them successfully.

After all, they are considered to be upperclassmen and in one short year they will be seniors! They are considered to be hard-workers and are known for getting the most out of every moment of every day.

Whether they are getting muddy on the football field, gettin' down at the homecoming dance, or studying for the BIG TEST, they do it with energy and gusto. Not only have they proved themselves academically in almost every department in the school, they are also the leaders in many of our extracurricular activities. From the yearbook to the newspaper, Key Club to Latin Club, and volleyball to soccer, you will find that the juniors are where the action is!

Smiling in triumph, the winners of the mudball tournament savor their slimy victory. Left to right: **Craig Minor, Barry Schwartz, Todd Kirby, Steve Slazyk, Chris Bach, Anton Loon, and Steve Wachs**

A well-informed and motivated junior **Todd Deluca** prides himself on keeping up-to-date on his homework.

A Great Season Ends With A Disappointing Loss To Columbus DeSales. Braves Are No. 2 In Ohio.

The "best kept secret" in the state of Ohio is the best way to describe the 1986 varsity boy's soccer team. Although receiving little recognition throughout the year from the press, the Braves posted the best record in school history, 18-5-1, and earning a berth in the state championship game.

Without a dominant scoring threat this year, the Braves had a balanced scoring attack led by seniors **Mark Wishard** and **Trey Isgrig**, juniors **Charlie Gall** and **Reagan Bransom**, and sophomore **Matt Hindman**. Defensively, on the other hand, the Braves were once again one of the best in the city, led by senior co-captains **Ian Meyer** and **John Rabenold**, along with **Dan Cox** and **Mike Eaton**. They posted 11 shutouts and had no more than two goals scored on them in any game. Under the leadership of coaches **Jim Vockell**, **Lee Meyer**, and **Randy Stert-meyer**, the Braves were confident as they entered the

state tournament. After convincing wins over Batavia and Cincinnati Christian, they faced a tough challenge in McNicholas and triumphed in a 1-0 overtime victory. The district finals was the Braves easiest victory in the tournament as they beat Springfield Central Catholic 5-0. Their next victim was Greenhills in the state semi-finals and then came the state finals and Columbus DeSales. This game proved to be the end of the "road trip" as they never got on track and lost the game 2-0.

Many players were recognized for their outstanding play during the year and at the top of the list was All-Midwest keeper **Ian Meyer**. Junior **Mike Eaton** received first team All-League honors as well as second team All-District. Other first team All-League players were **John Rabenold** and **Trey Isgrig** while **Greg Long** received Honorable Mention.

Andrea Farley Captures State AA Singles Title As Team Wins 67th Consecutive Match For School Record! Coach Crilley Resigns!

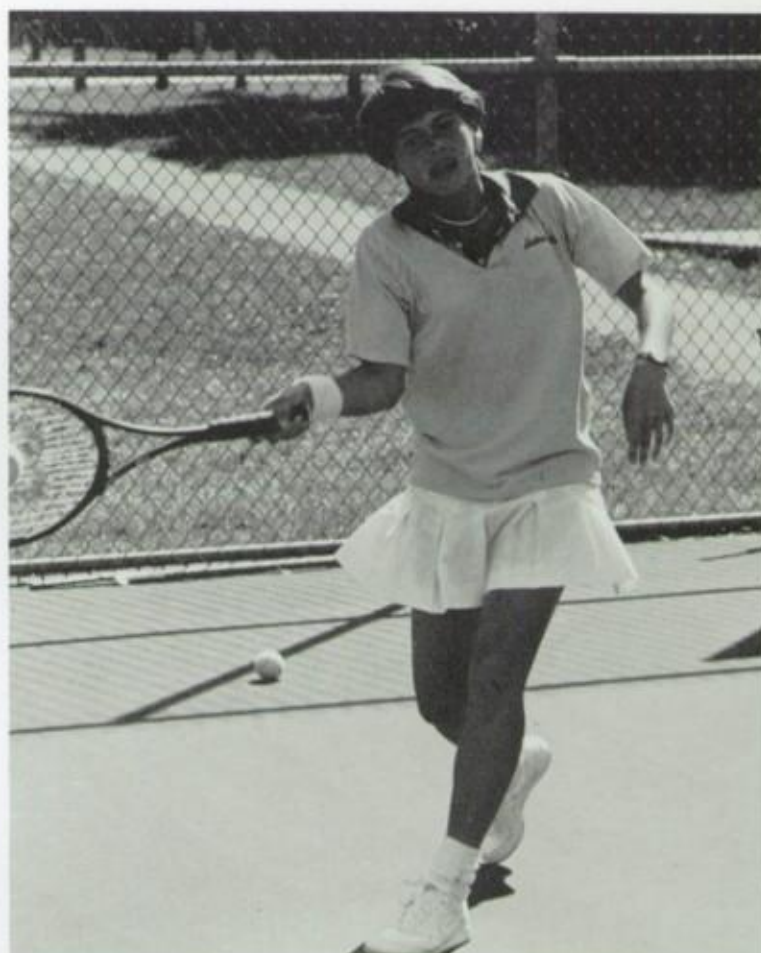

Starting off cautiously because of injuries to CHL champs **Tracy Barton** and **Aubrey Abbott**, the '86 Lady Braves quickly overcame their difficulties and finished with a 23-1 record.

This record led them to the state championship, where the Lady Braves surpassed Waterson and Alter, to meet Toledo Notre Dame for the second time in the finals. This loss came as a shock to the girls, but it boosted their morale, gave them a learning experience, and brought them closer together.

Along with the teams per-

formance, many individuals did well. **Andrea Farley**, **Molly Poffenberger**, and **Debbie Horton** swept state titles. With a four year state goal in mind, **Andrea Farley** etched her name as state singles champion as well as Player of the Year and Most Valuable Player. Her teammates **Molly Poffenberger** and **Debbie Horton** won the state doubles title at OSU. Of course, coach **Cindy Crilley** added a lot to the team in her last year. Along with the new 67 consecutive win total, Crilley was named Coach of the Year.

Surface Named CHL All-Star And Most Valuable Player

Because of a shortage of players, the 1986-87 Volleyball team lacked the experience they needed. They finished with a 6-16 record lead by captains **Dorothi Joecken** and **Shannon Surface**. **Surface** was also named CHL All Star and Most Valuable Player. Although they finished with a losing season, the team gave it their all in all of their games. They had several close games against CAPE, Reading, and Wyoming. **Leslie Folsom** was Most Improved Player and **Amy Wiedemer** received the Hustle Award. Overall, the team finished 7th. The JV team finished with a 4-14 record. This record failed to show the determination the girls had which will be a plus for next years team.

The team finished fifth at the CHL meet ahead of Madeira, Deer Park, Finneytown, and C.A.P.E. Varsity Braves Fall Short Of Pre-Season Expectations For 5th Place In CHL While JV Wins The League.

The Varsity Boy's Basketball team had high expectations as the year began but they fell on hard times and ended up with a 9-12 record. A preseason coaches poll picked the Braves to finish second in the league but their 9-12 record was only good for a fifth place finish. Co-captains **Bruno Darre** and **Ron Jones** guided the team throughout the year during the highs and lows they experienced. Wins over CHL rivals Madeira, Mariemont and Wyoming in the homecoming game were big boosts for the team but after losing twice in a row to Reading the season came to a sudden close.

One of the big stories of the year came after the season had ended and **Coach Dave Hammer** announced his resignation. **Coach Pat Hines**, a former assistant at Purcell Marian who was named his successor, hopes that his defensive coaching will turn the program around.

Honors for the year were taken by MVP, All-CHL, and

second team All-City guard **Mike Eaton**, while senior **Rob Nichols** was voted MIP by his teammates.

With an unbelievable 17-3 record, the JV boy's basketball team won their first ever CHL title. After an early loss to Sycamore, the Braves picked themselves up and won ten games in a row. During this winning streak, they won big games over Wyoming, CAPE and NCH.

The solid offense was led by sophomores **Steve Innis** and **Nick Edgington**, who both averaged eleven points a game. **Gary Rogers** helped the defense by his aggressiveness, and **Ryan Paul's** hard work earned him the MIP award.

This group of talented players was under the leadership of **Coach Gary Gellert** and their team captain was sophomore guard **Steve Innis**.

As next year comes around, these improving players should be an aid to the program's turn around.

CATCH IT! Stacey Anderson watches senior Traci Finkelmeier catch the ball to make the play.

Squaws Finish With Season Record Of 8-14 And League Record Of 7-7. Sarah Hunt Is MVP And Traci Finkelmeier Is All League.

For the second year in a row, the girls Varsity Softball team had a rather mediocre season. They had an overall record of 8-14 under **Coach Robert "Wal-ly" Wessinger** and came in fourth place in the league with a record of 7-7. Sophomore **Stacey Anderson** was again their pitcher.

Junior third baseman **Sarah Hunt** came a long way after playing **JV** last year to be voted the Most Valuable Player this year by her teammates. She was selected because of her leadership, good defense, high on-base percentage, and a batting average of .304. **Jenney Bath** was named Most Improved.

WOMEN ARE 4th

HOMERUN HITTER! Preparing for another winning hit, junior **Amy Burroughs** winds up for the pitch. Amy is a second year Varsity player.

Senior **Traci Finkelmeier** had the highest batting average on the team for the second consecutive year. This, combined with some strong defensive play at shortstop, again earned her a place on the all-league team. She and senior outfielder **Shore Beacham** were this year's co-captains. Sophomore **Jenney Bath**, a second year player, was given the league honorable mention.

After winning only two games in '86, it seemed the J.V. softball team had nowhere to go but up. And they did, finishing the '87 season with a 5-11 record. Coached by **Martin Dooley** and **Dave Emmrick**, the Squaws improved throughout the season. Next years team should be even stronger, as half of this years squad was composed of freshman.

MAKE MY DAY! Eyeing the batter, **Sarah Hunt** is determined to make the last out.

TIME OUT! **Stacey Anderson** relaxes during the game against CAPE. The Squaws played CAPE twice during the season, losing once 2 to 10 and winning the other 10 to 0.

Girls Win League Meet While Both Girls And Boys Take First In CHL Relays. Coach Garwood Is Named CHL Coach Of The Year!

With the cold weather and the rain, the girl's track season started a little later than usual this year. Although their first 3 meets were cancelled, the girls started off the season with the CHL relays where they took home the first place trophy. The highlight of the year came when the girls won the CHL meet and Mr. Garwood was named Coach of the Year.

During the season, several records were set by both individuals and relays. Senior **Kathy Backus** set the 100 meter hurdle record of 17.4 seconds while junior **Joy Rowe** set the 300 meter low hurdle record with a time of 47.6 seconds.

The boys track team also started off the season with a first place in the CHL relays. Their only loss during the regular season was against Glen Este, whom they lost to by 20 points. In the CHL league meet, the team scored second, losing only to CAPE. CAPE was the Braves's toughest competitor this year. Several runners set school records during the course of the season. **Bruce Johnson** set the 100 meter dash record with a time of 11.0 seconds. Both **Charlie Gall** and **Richie Decker** set the 200 meter dash record with a 22.9 and **Rob Nichols** set the 400 meter dash record with a 50.9.

EXTRA INCHES. Having completed his approach, sophomore **Tim Bracken** leaps into the pit for another winning jump.

CHL CHAMPS

Lynn Stanforth broke her old 2-mile record with a new time of 12:09 minutes. The 400 meter relay team, of **Diana Greiner, Lori Kilday, Leslie Folsom, and Lori Reiplinger** set a record of 52.8 seconds while the 800 meter relay team of **Kristin Tepe, Leslie Folsom, Molly Higgins, and Joy Rowe** set a record of a 1:48.5.

This year, **Charlie Gall** was the only member of the team who qualified for the Regional meet held in Dayton. He placed 6th in the semifinals, which qualified him for the finals. He then went on to place 6th in the finals. **Richie Decker** was Most Improved Runner and junior **Charlie Gall** was Most Valuable.

Led By The Post Player Of The Year, Lee Tucker, The Braves Win Their Third Straight League Title.

With a winning combination of youth and experience, the Varsity Boy's Tennis team won the CHL title with a 16-2 record. Seniors take over the garden area for a private picnic and enjoy the food prepared by administrators and guidance counselors.

Mr. Gellert plays barbecue chef while Miss Hackman dishes out the burgers, chips, and soft drinks to hungry seniors.

Administrators Grill Out For Class Of 1987

As the warm days of spring passed ever more quickly, seniors and teachers began making plans for graduation. In the midst of hundreds of last minute details, the principals and guidance counselors sponsored a free barbecue for the senior class. Chefs for the occasion were Dr. Feltman, Mr. Gellert, Miss Hackman, and Mr. McKee.

Seniors enjoyed cold soft drinks, potato chips, grilled hamburgers and hot dogs. There were, of course, a few bold underclassmen who sneaked a burger but it was the seniors who took over the garden for their private picnic.

The event was enthusiastically received by all and everyone hopes that this idea catches on and becomes an annual tradition.

Declining Enrollment Claims Mr. B.

It is the students and the teaching staff that Mr. Brueneman will miss most next year and in the years to come. Mr. Brueneman will be leaving at the end of this school year due to our ever declining enrollment.

Tony Brueneman came here in the fall of 1979 as assistant principal in the middle school, and then moved to the high school. He came to us from Xavier University where he was Campus Activities Director and teacher in the College of Education at both graduate and undergraduate levels. While serving as Activities Director, he originated the girls sports program.

Reflecting on his eight years here, Mr. Brueneman said, "Indian Hill students are well-behaved and highly motivated".

Miss Selzer Moves On To New Horizons

In the fall of 1955, a young, pretty blonde lady began her first year of teaching at Norwood High School. After four years of frustration, Miss Martha Selzer brought her expertise to Indian Hill High School. Here, the job was much easier and rewarding since English was the native language of the student body.

She sponsored many activities including the Upperclass Play, the Junior Class Play, Debate Club, National Forensic League, Speech Club, Literary Magazine, and others. She served as English Department Chairperson for twelve years. When asked about her favorite memories, she said, I feel really good when students return to say thanks after successful college careers."

Teachers Like Musicfest Too

While Musicfest is primarily a springtime break for students, it is also a day for teachers to learn more about the talents of their students. Mrs. Ackley and Mr. Isman enjoy mingling with the crowds and taking in the music.

Seniors Win Powderpuff Game, 36-0

It is traditional that the Junior-Senior Powderpuff football game be played on the coldest, wettest day in November. The tradition was kept with a vengeance this year when the two hyped up teams clashed in a blood and guts confrontation. The rain had been coming down in buckets and the wind was blowing in directly from the Siberian Tundra.

Nevertheless, both teams were dressed and on the field, eager and ready for the first whistle. An unexpectedly large crowd was on hand for the kick-off in spite of the ungodly weather conditions.

The Head Coaches for the seniors were Jim Berling and Matt Haskey while Steve Slazyk, Mike Marek, and Tim Warden fronted for the juniors.

Juniors Fight To The Finish

The senior team dominated the game from the very beginning and soon there was no doubt about the outcome. While the weather soon cleared out all but the most die-hard fans, neither team showed any signs of giving an inch of ground.

The seniors racked up 36 points with Molly Higgins and Lori Reiplinger scoring two touchdowns each and Kathy Ott and Paula Lyon scoring one each. Dorothea Joecken was magnificent for the seniors and Kathy Backus was tenacious on the defensive line.

While the juniors came close occasionally, they were never a serious threat. Outstanding performances were turned in by "never say die" Tricia Craig, Joy Rowe, and Kelly Ovington. There were no points on the board for the juniors at the end of the game but they still made their mark on the seniors.

Gretchen Froehlich Wins 4th Place In DECA Nationals

"I was very proud to be able to represent our school at the national contest. I really wanted to win, especially for Mr. Benken who worked so hard and gave me so much support." With these words, Gretchen Froehlich began her narrative of her journey to the fourth spot in the nation in the Distributive Education competition.

Gretchen took first place in the district and first place in the state before going to New Orleans for the national finals. In the district competition, Gretchen took a marketing test and did a sales demonstration and in the state contest she created a display for a department store with an Easter theme. The national contest was much tougher. It consisted of a marketing test, a math test, and three role playing competitions. Her first role was that of a department store manager who had to solve problems of dissention among her em-

ployees. In her second role she played a store manager who had to teach employees to sell. Her third role was that of a commercial advertiser who had to come up with a radio advertisement.

Michelle Tipp created her own business including long-range financial planning. Her presentation was good enough to win third place in the state contest and thirty-first in the national competition.

Arnold Leaves After 10 Yrs.

Ten years of teaching in our Social Studies Department has not dimmed Jim Arnold's enthusiasm nor his energy for teaching. Mr. Arnold will not be teaching here in the 1987-88 school year. He is one more victim of the ever decreasing enrollment that has been a problem since the mid 1970's.

Mr. Arnold was well liked and respected for his knowledge of his subject matter. Many of his Psychology lectures will be long remembered by his students.

While teaching here, Mr. Arnold also coached several sports including, at various times, football, track, basketball, baseball, and girls softball.

As of this writing, his plans for next year are not complete. He hopes to stay in the field of teaching, his first love, and he would also like to coach at the high school level.

Anyone can have a body like this. All you have to do is work out two and one half hours per day, six or seven days per week for years and years. Body building requires tremendous dedication and Steve Aronis gets his dedication from his dad who is the pastor of the Kenwood Baptist Church. The Rev. Aronis is a former Mr. Santa Monica and finished second to Mr. California

just a few years ago.

Steve entered his first contest this spring. He competed in the 15 to 17 year old age group in the Mr. Cincinnati contest and finished in seventh place.

He plans to attend Westmont, a Christian college, in Santa Barbara, California, this fall. His major interests are international relations and politics.

Freedom Of The Press Is Pressing Issue

Robert West

William "The Boss" Kincaid has passed on to his well earned rewards in retirement and his successor is already making noises about the "Free Chieftain Press". Robert West, with his alleged connections to the underworld in his past, is trying madly to get a firm grip on the reins of the newspaper. As of this writing however, he has managed only a tenuous hold on the key to the pencil drawer.

Nervous is probably an understatement in describing the feelings of the editorial staff as

they fight tooth and nail for control of the new MacIntosh. Winget and Cook, the dynamic duo in charge of preserving the "old guard", have collected a fat dossier on the comings and goings of West. Some of the more interesting items in the file include rejection slips from several pulp poetry magazines, life size posters of Bugsy Malone and Al Capone (it is significant that their names rhyme), and a staff hit list which was compiled with the assistance of Colonel Oliver North.

The North connection is being investigated further but preliminary reports show that Bob and Ollie are tentatively planning publication of a poetry magazine called "The North/West Literary Review."

As the new school year begins, fresh information and allegations of misbehavior are likely to become rampant as the battle heats up.

Musicfest-'87 Was A Rockin' Good Time

What more could one ask? A beautiful spring afternoon, all of your friends gathered round, and rock bands pouring outrageous volumes of sound all around you. That was Musicfest-'87, a rockin' good time for all.

It was the perfect time for friends to be together and enjoy the sunshine and the music.

The temperature was pushing 80° and the rays were just beamin' down as students gathered to enjoy their favorite music as played by local rock groups.

Class Of 1987 Leaves Legacy Of Success

A well organized fund raiser in the form of football concessions was the first project of the year for this year's senior class. Volunteers along with class officers took their turn behind the counter at the home games and the coins rolled in.

Next on the agenda was Winter Homecoming. Always a gala party, this year's valentine theme dance was no exception. "Happy Kamper" played for the dance and everyone boogied 'til the wee hours.

In the spring, administrative pressure made senior skip day planning very difficult. However, the problem was solved when three separate days were used to assure partial attendance.

New York Giants coach Bill Parcells is carried off the field after the Giants victory.

Giants Defeat Broncos In '87 Super Bowl

The Cincinnati Bengals had an exciting but mediocre season in 1986-87. They came out just one game shy of making the playoffs and were in the terrible position of rooting for a Steeler win to have an outside chance for a wild card spot.

However, when January 25, rolled around, it was the New York Giants facing the Denver Broncos in the twenty-first edition of the Super Bowl. The game was played in sunny Pasadena, California, and was viewed on television by millions of Americans and football fans world wide.

The score seesawed back and forth several times but the strong Giants offense came through in the fourth quarter to win 39-20.

Connor Brings America's Cup Back Home

Dennis Connor, the American skipper of the Stars And Stripes, was the first to lose the America's Cup race. Australia won the cup in the last outing four years ago. This year, Connor set out to bring the cup home again in his new Stars And Stripes. New computerized designs for the hull and the sails were credited with adding the extra speed needed to defeat the Aussies.

The Australian vessel, the Kookaburra III, lost four straight races in the best of seven series. The races were held in Australia off the coast of Freemantle.

The site for the next America's Cup has not been confirmed at this time. San Diego has been frequently mentioned as a probable location for the next races.

Stars And Stripes, with her spinnaker set, sails to victory over the defender Kookaburra III.

The color portraits of seniors and faculty on pages 33 through 63 were shot at the Indian Hill Church and at Indian Hill High School by Executive Studios. The color photographs on pages 133, 136, 137, 141, and 144 were shot on location by executive studios. The color photography and art on pages 132 and 140 were furnished to the **Legend** by the advertiser.

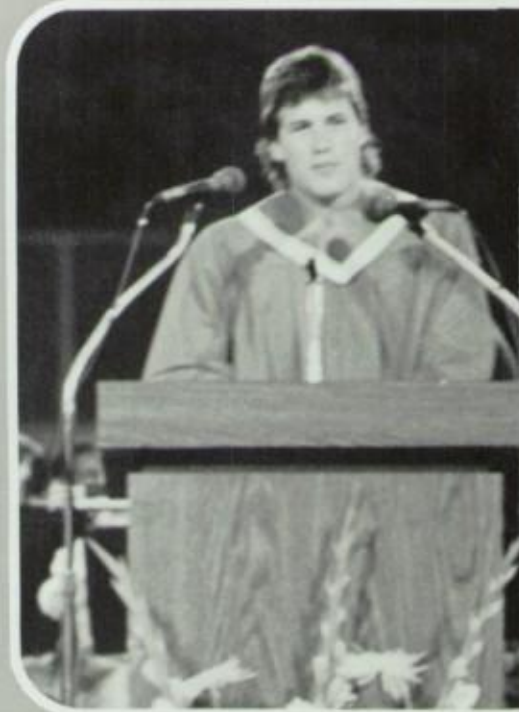

GRADUATION

It was the same old song that we had heard so many times before but it was somehow different and special. This time it was meant for us. As we marched in we could see our families looking down on us from the stadium, beaming proudly.

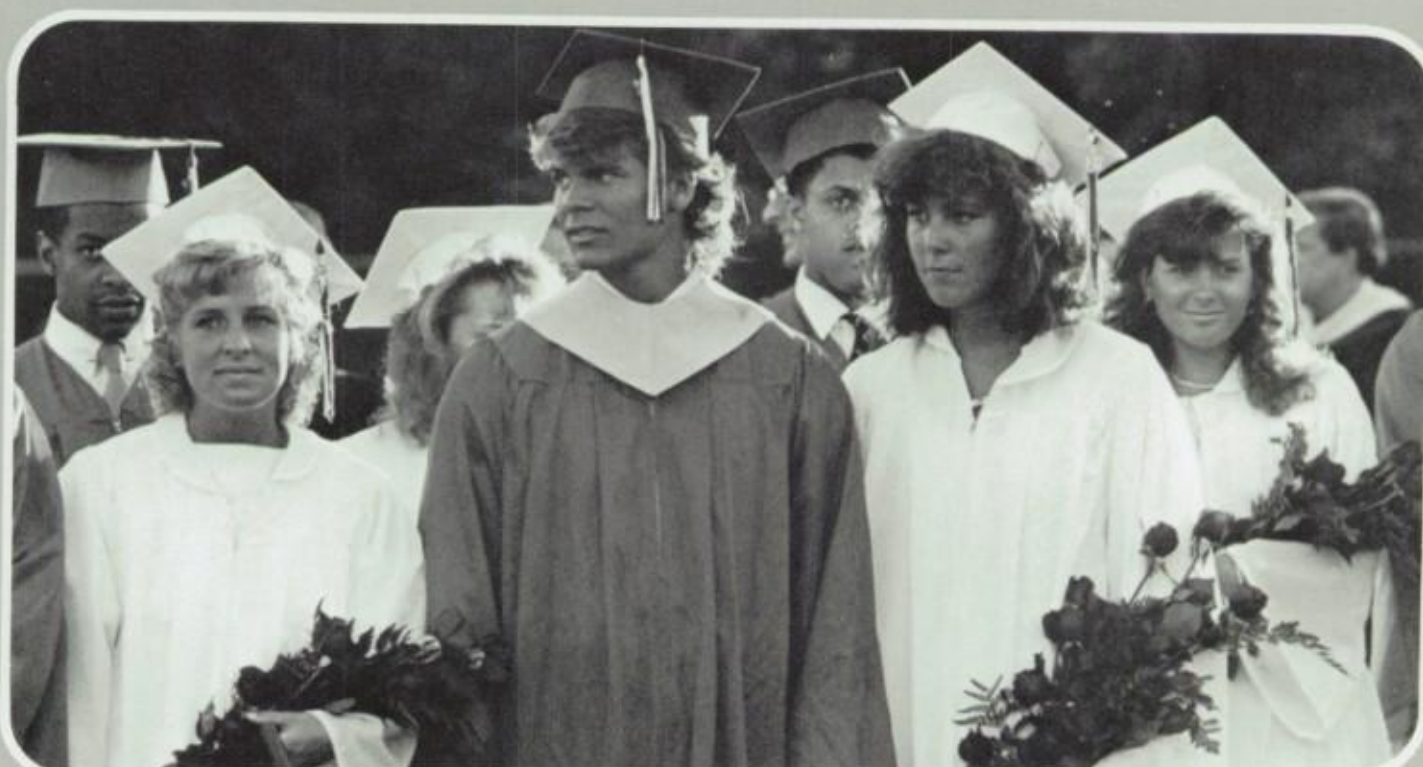

June 5, 1987. Graduation day!! Red and white gowns, roses, funny flat hats that will not stay on, parties, gifts, and friends. There was also that strange feeling that we didn't expect. We were very happy to be graduating and moving on in our lives but we were also sad that we were leaving so many, many familiar places and people that we loved.

Above: Bruno Darre, Jim Berling, Kathy Backus, and Shawn Batey wait impatiently for their classmates to finish the processional. Left: Dr. Karl Feltman, Principal, presents the class of 1987 to the community. Right: Expressing appreciation on behalf of the senior class, President Paul Alvord says thanks to teachers and parents.

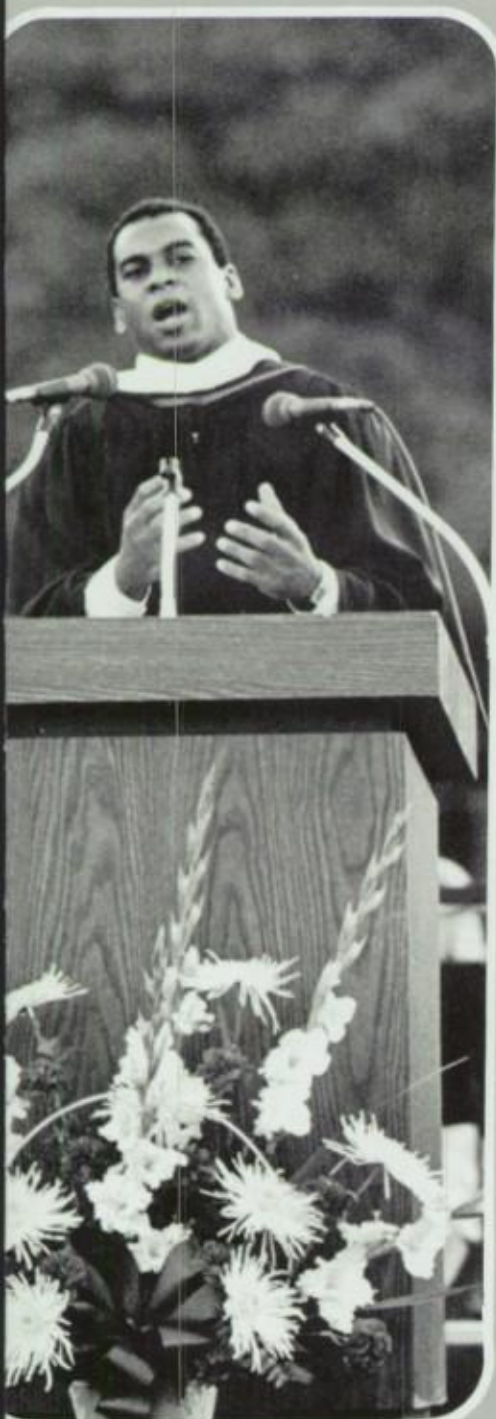

Bob Seal and Diana Greiner take that final long march on June 5th.

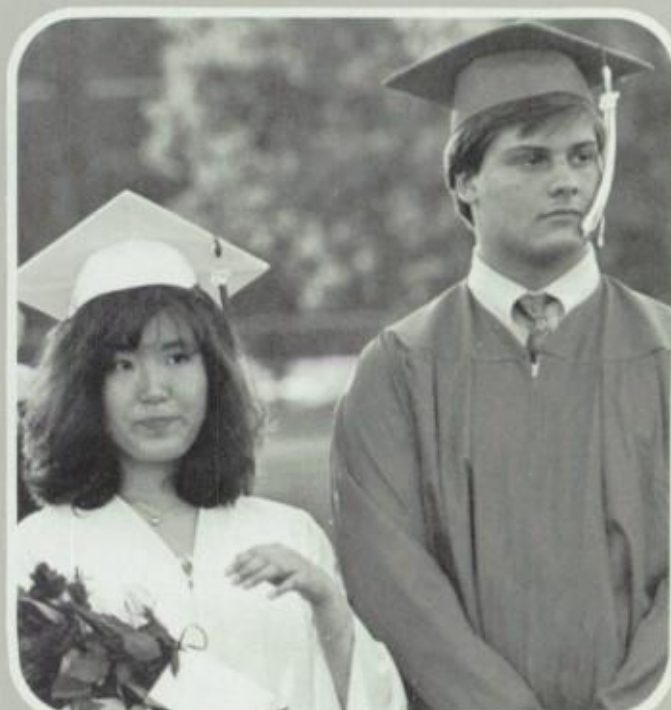

Nervous anticipation is written on the faces of graduating seniors as they wait for their names to be called. Left to right: Myron Cowherd, Gretchen Albus, Steve Aronis, Larry Combs, Aubrey Abbott, and Stacey Buchholz.

Succeeding in spite of handicaps was the theme of Bengal linebacker Reggie Williams speech to Graduates.

Melissa McKie, David Malloy, and Steve Bushelman look to the future after graduation.

Foreign exchange student Nobuko Masuda and Kevin Love stand for the National Anthem.

1988 class officer, Beth Bokon accepts the traditional lighted candle from 1987 class officer Sara Wilson at the June 5th graduation ceremony.
